Car 65 gm

Case + car 320 gm

Scale = 1/32

The Car's History

Vodafone McLaren Mercedes driver Lewis Hamilton is the 2008 FIA Formula 1 World Champion.

In one of the most dramatic finishes to a world championship ever, Lewis took the title by a single point after securing fifth position on the final corner of the final lap of the final race of the 2008 season. Lewis finished the year with 98 points, one point ahead of Ferrari's Felipe Massa.

At the age of just 23 years, 10 months and 26 days, Lewis is the youngest champion in Formula 1 history. He takes McLaren's 12th drivers' world title, and the third for the McLaren Mercedes partnership, which won the drivers' title in 1998 and '99 with Mika Hakkinen.

In recognition of this remarkable accomplishment, we are proud to release this celebratory Lewis Hamilton Championship winning Limited Edition Vodafone McLaren Mercedes car.

The Scalextric model

The Scalextric model is not fitted with a standard motor but a higher performance 20,000 rpm motor and a hardened rear axle to ensure smoother running.

Features:

High performance motor.
Race helmet decoration.
Hardened rear axle.
Brass bearings.
Quick change guide braid plate.
Magnatraction.
Etched metal 'Limited Edition' plate.
Limited Edition numbered ID card.
Digital DPR chassis.
